

East Bay School of the Arts Camp 2005

Morning Classes for Campers Finishing Grades 3 -8

Campers finishing grades 3-8 select each morning class separately instead of selecting pairs of classes, as we have done in recent years (which can result in campers taking a class they don't want along with one they do). Also, in years past, we would sometimes inadvertently schedule several highly popular classes simultaneously, which we are trying to avoid. We want to insure that campers will take their preferred classes. If there are classes in which many campers are interested, we will put on extra sections of those.

We have provided a list of classes. Please rank them in order of preference, #1 being the favorite. Then list your six favorite classes with a minimum of one from each group. We will assign you to classes based upon your preferences.

RANK CLASSES from 1 through 20

(Use "1" to indicate your favorite class, through "20" for your least favorite.)

Write Your Preference on the line at left:
