

### ■ KXAT1 Smith Charts of Tuning Range

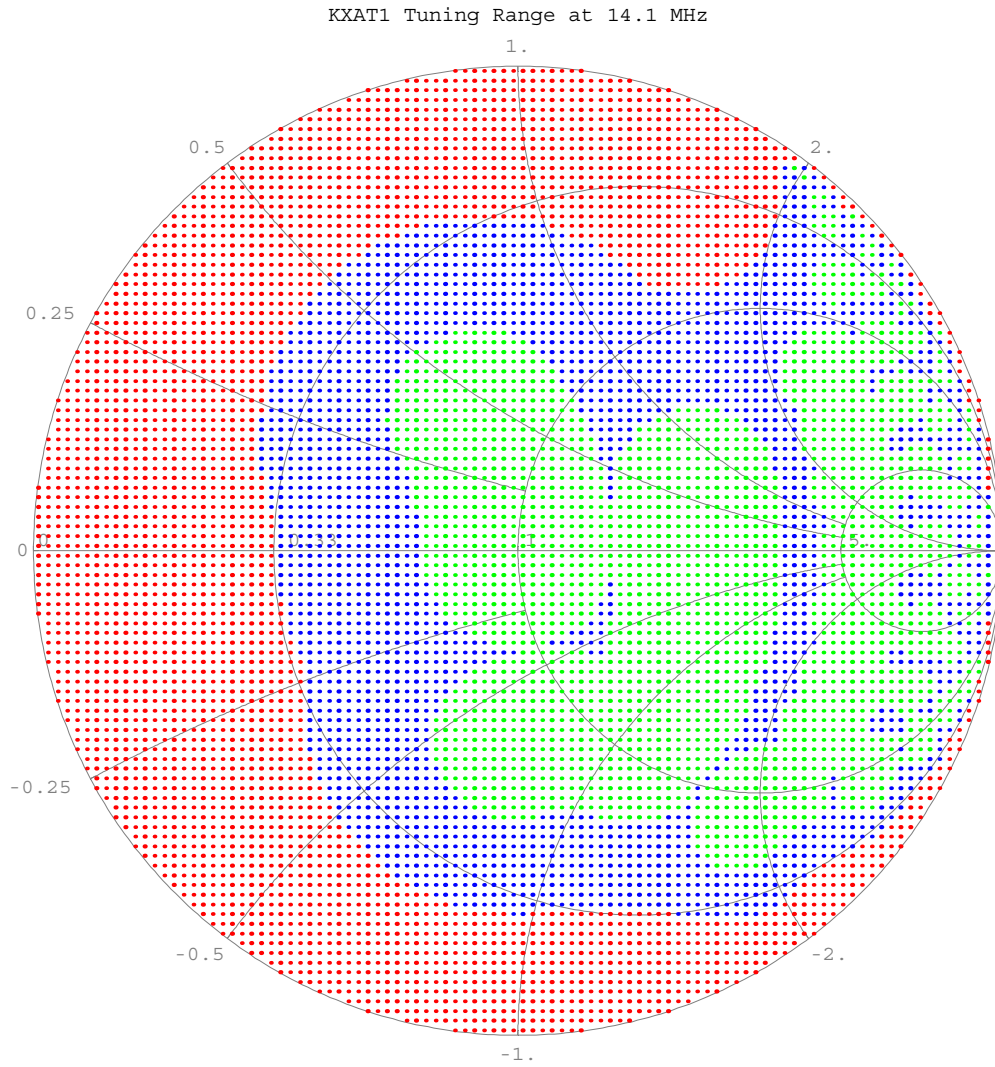

Green indicates that the impedance can be tuned to an SWR < 1.5:1

Blue indicates that the impedance can be tuned to an SWR < 3:1

Smith Charts normalized for 50 ohms

Green indicates that the impedance can be tuned to an SWR < 1.5:1  
Blue indicates that the impedance can be tuned to an SWR < 3:1  
Smith Charts normalized for 50 ohms

Green indicates that the impedance can be tuned to an SWR < 1.5:1  
Blue indicates that the impedance can be tuned to an SWR < 3:1
