

**Team Desert Dawgs first race
Lovelock, Nevada**

"Team Desert Dawgs" hit the road for the first time on June 23 & 24, 2007. It was a grueling 300 mile race—which they finished! However, it was not without a slight mishap when, at one point, the car hit a ditch, became airborne and landed on its side! Thank goodness no one was hurt, but the race car sustained some fender and side damage. Team members enjoyed every hot and dusty minute! And when not racing, they handed out information about the plight of homeless pets and the importance of spay/neuter. This was the first race of many to come to prepare the team and car for the big 700 mile "Race for Homeless Pets" in August 2008. Team members included, clockwise from top left: Bill Roser, Jerry Ornellas, Kirk Johnson, John Malick and Jeff Lee. GO TEAM DESERT DAWGS!
